It is the policy of Plan A Consultants Ltd to maintain a Environmental Management System (EMS) designed to meet the requirements of ISO 14001:2015 (or any other standard in line with Annex SL Structure) in pursuit of its primary objectives, the purpose and the context of the organisation.

It is the policy of Plan A Consultants Ltd to undertake our operations and actions within an environmentally sound framework.

- Ensure that our staff and contractors act in accordance with this policy and in compliance with our
- Sustainability requirements.
- Continually strive to improve our environmental performance.
- Set environmental objectives and targets and review our performance.
- Maintain systems to detect deviations from our policy, management systems, objectives and targets and to respond with the appropriate corrective actions.
- Ensure we maintain management systems to detect and prevent pollution in co-operation with the appropriate public authorities.
- Assess, monitor and where possible reduce the impact of our activities on the local and general environment.
- Reduce waste and the consumption of resources (materials, fuel and energy) and ensure all unavoidable waste is, where possible, reused, recycled or disposed of responsibly.
- Foster a sense of responsibility for the environment amongst our staff.
- Advise our customers, where appropriate, on the best environmental practices associated with building and maintenance.
- Comply with relevant legislation and regulations.
